

## CALL FOR PROPOSALS FOR BRAZIL

**Deadline to submit proposals: August 12, 2015**

The **Global Partnership for Social Accountability (GPSA)** supports civil society and governments to work together to solve critical governance challenges in developing countries. To achieve this objective, the GPSA provides strategic and sustained support to CSOs' social accountability initiatives aimed at strengthening transparency and accountability. It builds on the World Bank's direct and ongoing engagement with public sector actors, as well as a network of Global Partner organizations, to create an enabling environment in which *citizen feedback is used to solve fundamental problems in service delivery and to strengthen the performance public institutions*. Through a country-tailored approach, GPSA-supported activities are implemented in sectors where the World Bank has a strong involvement and can help governments respond to citizen feedback.

*The GPSA works to "close the loop" by supporting citizens to have a more articulated voice, helping governments to listen, and assisting government agencies act upon the feedback they receive.*

**The GPSA is pleased to announce its 3<sup>rd</sup> Global Call for Proposals.**

In **Brazil**, the GPSA seeks proposals for Social Accountability initiatives and programs from Civil Society Organizations to monitor the provision of public service delivery. The definition of eligible public service sectors – as well as other criteria – will be announced on Thursday, May 21<sup>st</sup> 2015.

**Following the GPSA's approach, it is expected that the information produced will also be used by other public sector institutions beyond the Executive, including Supreme Audit Institutions, legislative bodies, independent regulatory agencies, and other oversight bodies.**

**In order to be considered, proposals must demonstrate clearly that:**

1. The proposed intervention complements ongoing initiatives in the area of participatory budgeting such as the commitments Brazil in its Open Government Partnership (OGP) Action Plan;
2. The project will push the boundaries from pilots to large-scale interventions that may be replicated country-wide;
3. The proposed intervention is related to ongoing initiatives focusing on similar objectives. It should identify the value added of GPSA support;
4. It proposes wide-range partnerships with other CSOs that would enable the proposal to achieve a large scale and leverage existing experience; and
5. The project will generate information that is needed to complement existing processes already supported by relevant public institutions.

**GPSA supports proposals that:**

- Have an estimated duration of 3 to 5 years, in order to enable sustained and strategic funding for Social Accountability;
- Propose a detailed budget for total grant amounts in the indicative funding range between US\$500,000 and US\$1,000,000. **Funding requests below this range will be considered.** The requested funds must correlate with the proposal's duration.

**Eligible CSOs:** Legal entities that fall outside the public or for profit sector, such as non-government organizations, not-for-profit media organizations, charitable organizations, faith-based organizations,

professional organizations, labor unions, workers' organizations, associations of elected local representatives, foundations and policy development and research institutes.
